Residential Rebate Program

The **Residential Rebate Program** from Minnesota Energy Resources is your chance to save big in 2010. How big? How about a **\$250 rebate** when you purchase a new energy-efficient gas water heater? Not only do you get the rebate, you'll reduce energy use and **lower your monthly bills**.

Or, get up to a **\$50 rebate** by purchasing an ENERGY STAR® clothes washer. You'll save money, as well as water and energy. And, just by rinsing with cold water, you can **save up to an additional \$25** a year! Visit our Web site for details and appliance qualifications.
