Please complete all steps. All information must be filled out to ensure processing.

STEP 5
Property owner information and authorization (for renters)

In the event work needs to be contracted for by the property owner, I, as the property owner, understand and agree that when participating in a Minnesota Energy Resources Energy Efficiency Program, I am solely responsible for the selection of any contractor that will perform work outside of the services provided by this program. All contractual arrangements are solely between me and the contractor. I agree that, in order to participate in the 4U2 program, I am responsible for 50% of the cost related to all weatherization improvements and heating and water heating equipment replacements. In addition, I am responsible for 100% of the cost of health and safety measures installed, as well as all extraordinary issues/measure corrections needed to perform weatherization and mechanical work. In the event that remediation work not covered by the 4U2 program is required, I, as the property owner, understand and agree that I will be responsible for the selection of the contractor performing the work and payment to that contractor. All contractual arrangements will be solely between me and the contractor. I understand that all work is subject to inspection by Minnesota Energy Resources and agree to allow access for these inspections to occur. If I am not able to pay, I must undergo the same income verification procedure that is applied to applicants.

I, the property owner, will hold harmless Minnesota Energy Resources and its officers, directors, shareholders, agents, employees and representatives from all claims, liabilities, fines, interest, cost, expenses, and damages incurred by me that arises out of my relationship with any contractor.
