

Minnesota Energy Resources

MULTIFAMILY ENERGY SAVINGS PROGRAM

Our Multifamily Energy Savings Program is designed to address the needs of building managers and owners. The program is free for multifamily buildings with five or more units that use natural gas provided by Minnesota Energy Resources for space and water heating.

Program benefits include:

- Whole-building energy assessment
- Custom report with low-or no-cost savings opportunities
- Guidance on how to optimize equipment controls
- Immediate natural gas and cost savings
- Installation of high-efficiency showerheads and faucet aerators
- Installation of LED light bulbs in properties with participating partner electric service providers
- Follow up assistance with high-value savings opportunities
- Help finding qualified contractors
- Assistance applying for rebates

All this at no cost to you!

We cover all materials and time, no matter how large your building. The program is administered by the nonprofit Center for Energy and Environment (CEE), which specializes in serving the unique needs of multifamily building operations. To join the **over 240 property owners** that have participated to date, contact us at mermultifamily@mncee.org or call **612-244-2450**.

“Working with Minnesota Energy Resources multifamily program was a great opportunity and rewarding experience for the Cloquet Housing Authority. CHRA received a rebate check for over \$4,000!”

DEBRA SHAFF

Cloquet/Carlton Housing & Redevelopment Authority

“The staff did a fantastic job of quickly replacing all showerheads and faucet aerators in the buildings, and their optimization of our boiler controls is savings us money. Best of all, the whole program is free!”

BILL ALWARD

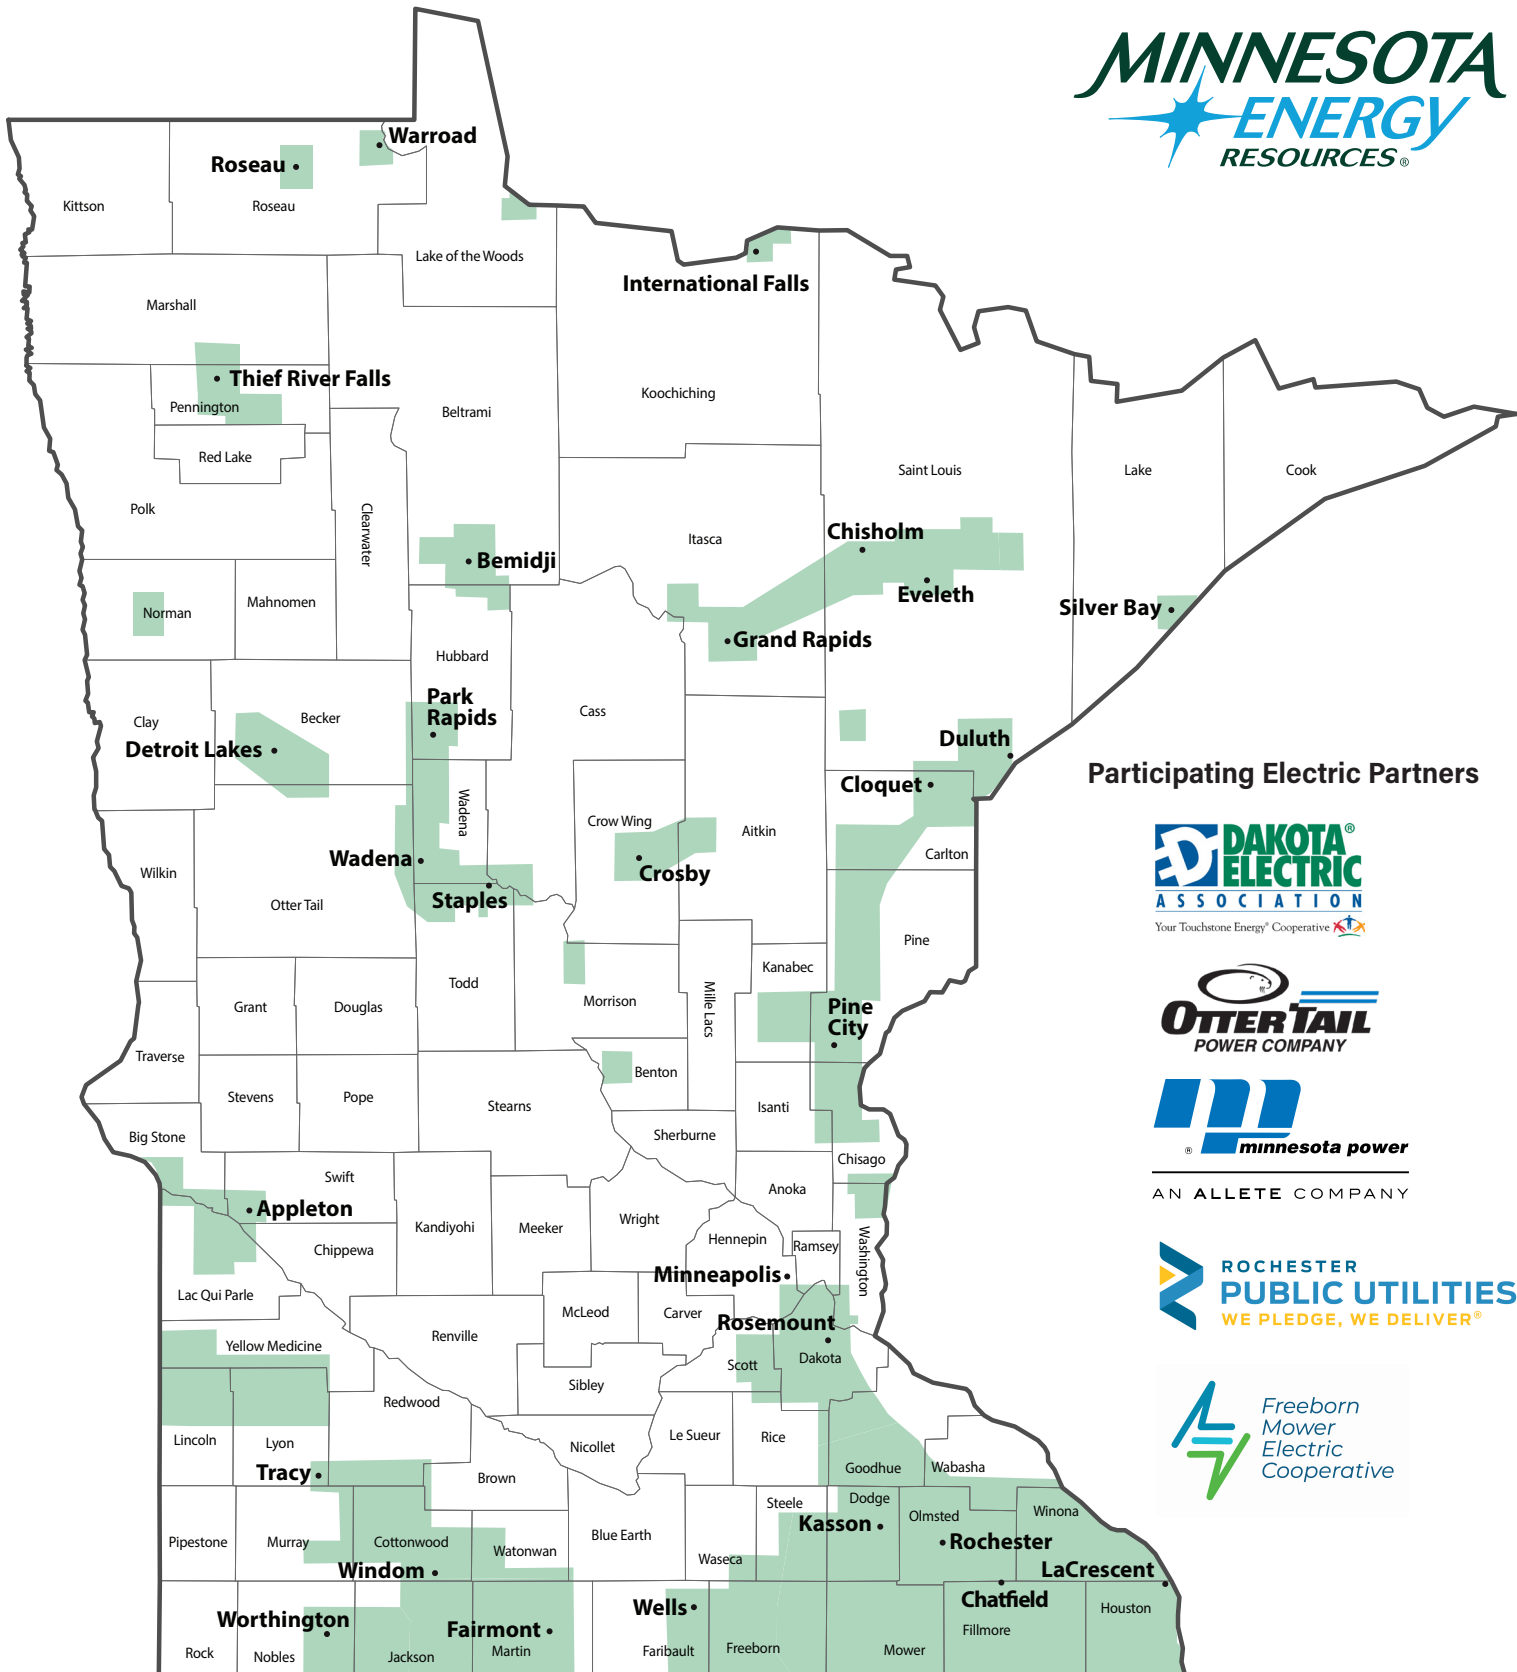

Owner, WMC Management

“I trust and value CEE’s advice and assistance on an ongoing basis. Working with the multifamily program pays off.”
