

Water heating rebates for businesses

Installing energy-efficient technology is a smart way to lower your energy bills. Qualifying high-efficiency water heating systems installed in new construction or replacement projects are eligible for rebates.

To apply for a rebate, download and fill out the **water heating equipment rebate application**.

Funding is limited and can change or end at any time. Applications will be processed on a first-come, first-served basis.

For additional questions on this program or to download an application, visit minnesotaenergyresources.com or call us at **866-872-0052, option 2**.

Rebates and minimum efficiency requirements

Measure	Minimum efficiency	Rebate
Natural gas storage water heater	ENERGY STAR® certified and 0.64 UEF	\$125
Natural gas storage water heater	ENERGY STAR certified and 0.82 UEF	\$250
Natural gas storage or tankless water heater	ENERGY STAR certified and 0.87 UEF	\$300
Natural gas commercial condensing water heater (<600,000 Btu/hr)	0.92 TE	\$500
Natural gas commercial condensing water heater (≥600,000 Btu/hr)	0.92 TE	\$1,000
Drain water heat recovery device (DHR)		\$175
Pre-rinse spray valve	1.28 GPM or less	\$15*
Laminar low-flow restrictor	1.5 GPM or less	\$8*

UEF: Uniform Energy Factor; TE: Thermal Efficiency; GPM: Gallons Per Minute
 * Cannot exceed 100 percent of cost.
