

## Fireplace and hearth rebates

Minnesota Energy Resources' **fireplace and hearth rebates** provide rebates to customers who upgrade or install a high efficiency natural gas hearth or fireplace.

Fireplace can be direct vent, sealed combustion, insert, or free-standing stove with an electronic ignition. You will save with reduced natural gas use year after year. We recommend that you work with a hearth dealer of your choice to determine the best fireplace for your home.

### Rebates and minimum efficiency requirements

Equipment	Minimum efficiency	Rebate
Natural gas hearth/fireplace options: direct vent, sealed combustion, insert, free-standing stove	Electronic ignition	\$75

To apply for a rebate, download and fill out the **fireplace and hearth rebate application**.

Funding is limited and can change or end at any time. Applications will be processed on a first-come, first-served basis.

For additional questions or to download an application, please visit [minnesotaenergyresources.com](http://minnesotaenergyresources.com) or call us at 866-872-0052, option 1.
