

# Air sealing and insulation rebates

By improving the **air sealing and insulation** in your home, you can save on your heating and cooling costs all year long. The rebates help customers with natural gas heating improve the air sealing and insulation in an **existing** home. New homes, defined as those built in the last two years, are not eligible for this program. Homes that participated in the Home Energy Excellence program may not participate in this program.

**Please Note:**

All air sealing and insulation work must be completed by one of our **Authorized Insulation Contractors** in order to qualify for a rebate from Minnesota Energy Resources.

To apply for a rebate, download and fill out the **air sealing and insulation rebate application**. Funding is limited and can change or end at any time. Applications will be processed on a first-come, first-served basis.

For additional questions or to download an application, please visit [minnesotaenergyresources.com](http://minnesotaenergyresources.com) or call us at **866-872-0052, option 1**.

## Rebates and minimum efficiency requirements

Measure	Requirements		Rebate
	Pre-installation:	Post-installation:	
Sidewall insulation	Where no insulation previously existed	Minimum of R-13	\$425*
Foundation/rim joist insulation (Rim joist must be spray foam)	Where no insulation previously existed	Minimum of R-14 Foundation Minimum R-20Rim joist	\$425*
Rim joist insulation only (Must be spray foam)	Where no insulation previously existed (Remove old batt insulation)	Minimum of R-20	\$125*
Floor above unconditioned space	Where no insulation previously existed	Minimum of R-30 or as much as space allows	\$200*
Air sealing only	25%** reduction		\$300*
Air sealing and attic insulation	Where less than R-30 existed	25%** reduction; minimum of R-49	\$650*

\* Rebate amount is 50% of total improvement cost, up to maximum rebate amount listed above.

\*\* Rim joist insulation cannot be installed as a standalone measure and must be completed in conjunction with another improvement. Please reference all rebate requirements prior to installation to ensure eligibility.
